

New User Guide

AP Images

Once you log into AP Images you will notice the following tabs at the top of the page on the left side, under the AP Image logo: Images, More Media and Service.

Located under the Images tab, you will find: photos, historical and the event calendar.

All the images are located within the photo collection (even historical).

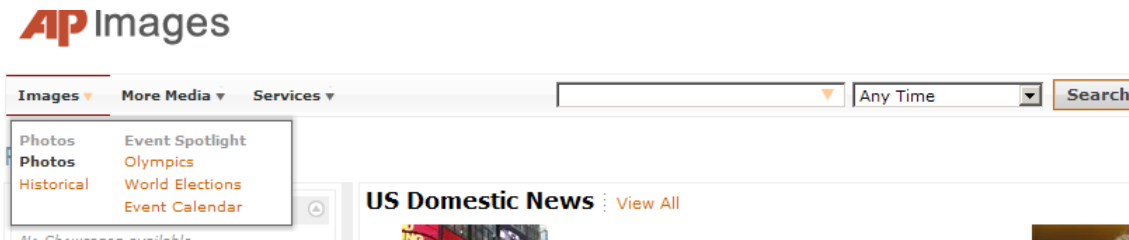

The historical tab is photos that start in 1996 and go all the way back to the 1800's.

The Event Calendar, from the AP, shows a collection of events that take place in each month. Special events are also listed, such as the Olympics or Elections.

Under each tab you will see a home page with a collection from items that are currently in the news!!!

Images Icon:

Images: includes photos (all the images within the database from the 1800's up to the minute), and historical (images from 1996 back to the 1800's).

More Media Icon includes Graphic, Audio and Text.

Services Icon:

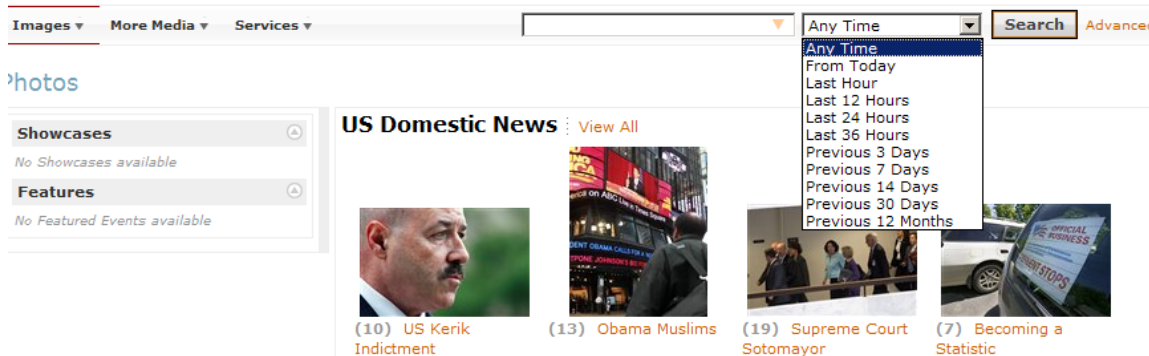

Services: includes the Publicity section.

The publicity section contains business and public relation photos from the AP. This is a great place to find a photo of a cell phone, computer hard drive, or a company logo.

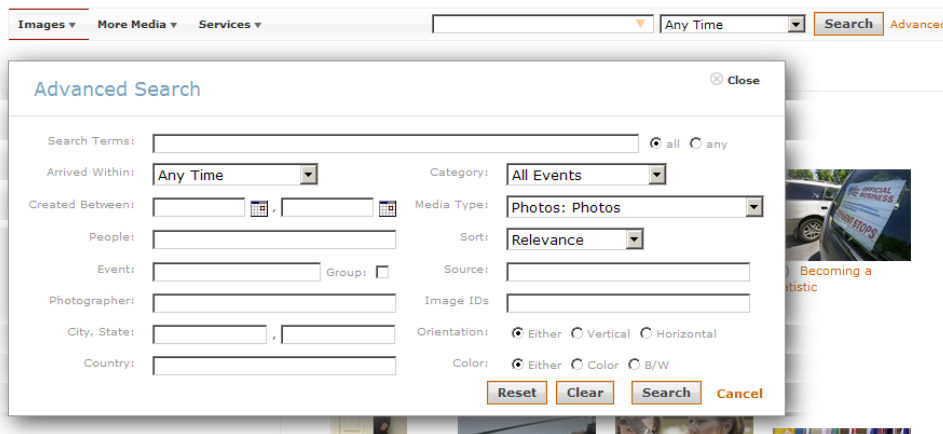

The main search bar: toggle down next to Any Time and you will find various areas to limit your search (today through the previous 12 months).

If you leave the search query empty, and click on the search button, your search will return the most current photos.

Click again, and you will probably see some new photos that were just added!!!

Advance search: click and you can narrow your search even further.

The date range is much easier to use!!

If you want to just search a date range, add an * in the area called search terms. You will pull from all the images within that range.

Search by either horizontal or vertical items (bottom left of advance search area). This is helpful for a PowerPoint presentation or adding them into a document.

By clicking on the Photo tab and opening any collection on the main page, you can click on a photo, and then click

on the magnifying glass on that photo.

You will now see the photo larger. If you click on the play button, you will see a **slide show** of that collection. You can pause and close the slide show at any time.

Download multiple items: On the lower left side of the photo or graphic, you will see a small box in the lower left hand corner. Place a check in the box, on the lower left side of the items that you want to download. On the

top of the page, right above the first photo on the left or graphic, you will see the words "View Selected and Download". Click on the View Selected to see what you have selected to download or just click on Download and you will see what you have selected. If you see an item you do not want to download, just uncheck the item. From this screen you will go through the download process.

German police officers patrol on motor boats on the River Elbe in Dresden, Germany, Thursday, June 4, 2009. U.S. president Barack Obama will visit Dresden, the former Nazi concentration camp Buchenwald and the US regional medical center in Landstuhl during his stopover in Germany. (AP Photo/Gero Breloer)

Some Fun Searches:

Photo Type Search: You can also search for a particular type of photograph.

The searchable photo types are: portrait, aerial, pattern, silhouette, vertical and horizontal.

Example:

pattern: phototype

statue of liberty and aerial: phototype

Concept Search: The user can search the database by pre-defined concepts. The concept corresponds to the idea the photograph is displaying. The searchable concepts are: adulation, aggression, amusement, anger, bizarre, boredom, burden, celebration, cold, comic, concentration, concern, confinement, confrontation, content, contrast, curious, cute, defeat, deserted, despair, destruction, determined, devout, diligence, dry, enjoyment, excitement, family, fear, freedom, friendship, grief, happy, hot, humor, isolation, lonely, love, mature, meditative, pain, passion, peaceful, pensive, poor, power, pride, reverence, searching, serene, shock, solemn, spacious, speed, stark, strong, suffer, surprise, tension, thin, tired, tranquil, vanity, violent, weak, wealth, wet, wonder and youth.

Example:

celebration: concept

power:concept

freedom:concept

Color Search: You can also conduct a search by dominant color. Art classes will use this for some projects. The ten hues represented in the database are: blue, red, yellow, green, orange, white, black, brown, purple and pink.

Example:

purple: hue

blue:hue

brown:hue

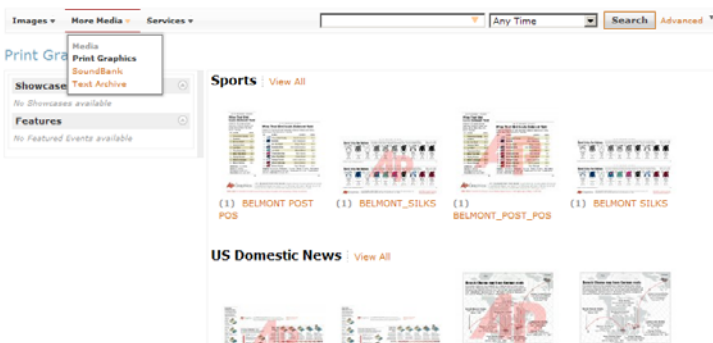

OBIT

People who have passed away: **Type OBIT** in the search bar.

You will see photos of people who have passed away.

Graphics: (click on magnifying glass to see better)

Ap Images

Print Graphic refers to the type of graphics. *It is not a printing function.*

Print graphic are those in print, found in a newspaper (rather than a TV graphic).

Timeline: Enter the keyword: timeline in the search bar. You will find all the timelines in the graphic section.

Economic: Enter the keyword: economic

All the leading economic indicators are loaded into the graphic section as they are released!

Health Issues: Enter the keyword: Smoking

Try any of the health topics. Science: Enter keyword for science topics such as: DNA, tsunami or earthquake workings, space etc.

HOW To: Type in APNH (stands for Associated Press on the House)

all sorts of "How To" graphics for the home. Mom's Tool Bag is a great one! Patrons love this!!

Logo Search: To search for logos, use the keyword logo

Example:

logo and NFL

logo and olympics

logo and elections

Audio: Audio clips from the AP

Click on the AP Audio icon and a preview will open, allowing you to hear your clip.

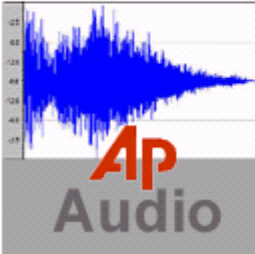

Popular clips can be seen on the audio homepage (up to the minute news)

Download-Don't forget to use the dropdown menu to download the audio in the format that works best for you!
